Certificate of EU REACH / SVHC168 Compliance

Janus Remote Communications is a Wireless IoT Enabler that provides products and services for the worldwide Internet of Things (IoT) marketplace. We offer a complete line of carrier certified hardware and software applications as well as full solutions, including System Architecture, Hardware Design, Firmware Design, Database Design, User Interface Tools, Hardware Manufacturing and Applications Software. The products that we supply are non-chemical products and under normal and reasonable use will not release harmful substances. As such, Janus Remote Communications is not obligated to register with the European Agency for Chemicals 'ECHA'. Our products meet REACH requirements for chemicals designated by the European Chemicals Agency (ECHA) as Substances of Very High Concern (SVHC). Number of Substances on the Candidate List: 168 (Latest update: June 1, 2018)

The candidate list can be found in the following web page:
http://echa.europa.eu/web/guest/candidate-list-table

Regarding the European Regulation (EC) No 1907/2006 – REACH Regulation, Janus Remote Communications is not required to register any substances contained in our products (Articles) at this time, since the volume of any one substance contained in our products (Articles) are well below the "1 (one)" Tonne (1,000 kilograms) per year registration requirements as defined in Article 7(1)(a) of Regulation (EC) No 1907/2006 of The European Parliament and of The Council of 18 December 2006. Important Information and Disclaimer: Information provided by Janus Remote Communications in response to customer inquiry concerning the material content of our products represents our knowledge as of the date we provide the information. In addition, Janus Remote Communications knowledge is based on information provided by its suppliers and/or third parties. Janus Remote Communications makes no representation or warranty as to the accuracy of such information. Janus Remote Communications normally does not conduct analytical testing or chemical analysis on incoming materials and chemicals to verify suppliers" representations.

This certificate is applicable to the following Janus products: **CF, XF, MF, T2, T3, 400AP, POTSwap™**
