### **Janus Announces Verizon Certification of their LTE910XF v7.00 CAT-1 Embedded “X” Footprint Cellular Modem**

**Aurora, IL** – Janus Remote Communications, an industry leader in the design and manufacture of precision IoT products and solutions, is pleased to announce Verizon “end device” certification of their LTE910XF v7.00 Category 1 “X” Footprint (XF) Embedded Cellular Modem. Integrating Telit’s LE910-NA1 SSKU LTE module as their cellular engine, the LTE910XF v7.00 units operate in LTE bands B2, B4, B5, B12, and B13.

Easily integrated into any new or existing hardware applications via its industry standard 20-pin DIP configuration, the LTE910XF is a cost-effective solution for LTE IoT (Internet of Things) connectivity. Users can choose to mount the devices directly onto their PC Board or simply mount in a DIP socket or header. Their footprint compatibility with other Janus products removes any worry of obsolescence.

The LTE910XF V7.00 is also AT&T and PTCRB certified, allowing it to be used on any North American cellular network. It is FCC and Industry Canada approved.

Janus Category 1 modems are lower power and lower bandwidth units specifically designed for IoT applications. Customers can anticipate lower costs for both hardware and data services for these devices.

The Janus LTE910XF v7.00 units with their “end device” certification provide customers with the fastest possible route to market and are ideal for use in any IoT telemetry and Telematics applications including fleet and asset management, vending, security, health and safety, remote monitoring, e-maintenance and many telemetry applications.

### **About Janus**

Janus Remote Communications provides state-of-the-art wireless products and services as well as custom design solutions for the global IoT marketplace: [www.janus-rc.com](http://www.janus-rc.com). Janus solutions are widely used by customers in the areas of asset, process, facility and energy monitoring and control; health, safety and security; and in a host of commercial wireless products. Janus is a division of Connor-Winfield Corporation: [www.conwin.com](http://www.conwin.com).

**For more information on Telit, visit: [www.Telit.com](http://www.Telit.com)**

**Cost: \$88.00 each at 100 piece quantity – available at our store**
