

**PRODUCT/PROCESS CHANGE NOTIFICATION (PCN)**

**Number: 2009-2**  
**Date: 09/17/2020**  
**From: Dave Jahr**  
**Product Family: LE910 V2 based products Software Obsolescence**  
**Effective Date: 9/17/2020**

---

Telit recently issued a software obsolescence PCN for .xx4 firmware used in their LE910 V2 based modules (PCN-0519), including LE910-NA1, LE910-SV1, LE910-EU1, and LE910-EU V2. Accordingly, Telit modules with .xx4 firmware and older versions will not be available going forward.

In response, Janus will be discontinuing modem models using Telit modules with .xx4 firmware or older following the list and schedule below.

Janus also recommends that customers update LE910 V2 based products using .xx4 or older firmware to newer firmware versions.

**Change Category:** Firmware/Software Change, product EOL.

**Executive Summary:** Janus LTE Products using the Telit LE910 V2 modules that use the .xx4 firmware or older will be discontinued. Also, customers are advised to update older firmware versions to newer releases.

The following is a full list of Janus modems affected by Telit’s software obsolescence PCN.

<b>Products Affected:</b>	<b>Suggested Replacement:</b>
1. LTE910CF V6.00 TBUVN/TCUVN	LTE910CF V6.00 TEUVN
2. LTE910CF V7.00 TAUVN/TBUVN	LTE910CF V7.00 TDUVN
3. LTE910CF v7.00 TSUVN	LTE910CF V7.00 TUUVN
4. LTE910XF V7.00 TAUVN	LTE910XF V7.00 TCUVN
5. LTE910XF V8.00 TBUVN (V-STD)	LTE910XF V8.00 TDUVN (V-STD)
6. LTE910XF V5.00 TAUVN	LTE910XF V5.00 TBUVN
7. LTE910XF V12.00 TAUVN	LTE910XF V12.00 TBUVN
8. LTE910T2 V6.00 TBUVN	LTE910T2 V6.00 TEUVN
9. LTE910T3 V6.00	LTE910T3 V6.00 TEUVN
10. LTE910T3 V7.00	LTE910T3 V7.00 TDUVN
11. LTE400AP V7.00	LTE400AP V7.00 TEUVN

**End-of-Life Schedule for .xx4 based products:**

**Last Time Buy date: January 31, 2021**

**Last Shipment date: August 31, 2021**
